HIGH-END BLUETOOTH® SPEAKER SYSTEM OF THE REFERENCE CLASS

## HIGH-END BLUETOOTH® SPEAKER SYSTEM OF THE REFERENCE CLASS

- State-of-the-art hifi sound with 5 drivers: 2 x high-end two-way systems with powerful woofers, real tweeter domes and large downfire bass radiator
- Music streaming via Bluetooth® with the high-end audio standard Qualcomm® aptX™
- Control by six full-metal top-side buttons & via paired smartphone
- Digital amplifier of the latest generation with a total output power of 80 watts for precise sound
- Outstanding finishing quality with solid full-aluminium top plate

## HIGH-END BLUETOOTH® SPEAKER SYSTEM OF THE REFERENCE CLASS

### DRIVERS

- High-quality two-way stereo system with 2 x 1" fabric dome tweeters and 2 x 3.3" long-throw woofer-midrange drivers
- Woofer-midrange drivers with light-weight paper cones and powerful ferrite magnet systems
- 5.25" long-throw bass radiator in downfire alignment for best deep bass reproduction without any air-flow noise
- All speaker drivers are Klippel® optimised for extremely low distortions at all volumes and for detailed, precise sound

### CABINET

- Modern high-quality design with solid, 10mm full-metal top plate
- Very solid low-resonance construction made of E1 MDF panels
- Feet with resonance-damping rubber inserts for stability on all floors
- Classic desktop design for universal use as mini stereo system and high-end Bluetooth® loudspeaker

### AMPLIFIER & CONNECTIONS

- Bluetooth® input with the high-end audio standard Qualcomm® aptX™ grants music transmission in CD quality
- Additional analogue 3.5 mm stereo input for connecting portable audio sources
- User-friendly control panel with large metal buttons on the top of the housing
- LED display on the front panel for status and selected source
- USB charging socket (2.0 A) for charging portable devices
- Low standby power consumption (< 0.5 watts) with auto standby function

### CROSSOVER

- Fully digital DSP-based filtering and frequency response correction for best sound at all volumes
