

QUALITY ★★☆☆☆

Scope Vision

Strong-reception DVB-T2 antenna with high flexibility and USB power supply

The Oehlbach Scope Vision DVB-T2 antenna is designed for optimum reception with an extremely low-noise receiver and is ideally suited to current DVB-T2 HD and DVB-T stations. The power supply is provided conveniently via any USB port on your TV, PC or with the power adapter provided. The possibility to position the antenna horizontally or vertically and the extra-long 3 m cable ensure a high level of flexibility. Wall mounting is also possible, of course. 24 carat gold-plated contacts guarantee high contact reliability
