Black Magic E

High-speed HDMI® extension cable with Ethernet

This high-speed HDMI® extension cable delivers unlimited home-cinema fun. The additional data channel (Ethernet channel) allows Internet-enabled AV components, e.g. Blu-ray players and AV receivers, to be connected without the need for additional network cables. The inner conductor made from OFC copper with triple shielding and 24-carat gold-plated plug contacts guarantees absolutely stable and interference-free signal transmissions.
