## XXL® Series 2 X

### LF audio cable with XLR plug

Particularly high-quality analogue audio cable with effective multiple shielding for cabling hi-fi and home-cinema systems! The symmetrical design and the inner conductor made from highly pure monocrystalline HPOCC copper means that this Oehlbach cable delivers particularly good spatiality and outstanding dynamics. Perfect contact reliability and a pleasant handling are guaranteed with the 24-carat gold-plated contacts. The cable may be used for all purposes and is absolutely resistant to all sheath currents thanks to its extremely flexible outer sheath and metal plug. There is nothing to stand in the way of the robust deployment of these cables as they also come preassembled with locking XLR plugs.

### Features

- ✓ HPOCC® - mono-crystalline oxygen-free copper inner conductor
- ✓ 24- carat gold-plated contacts
- ✓ Plug with automatic lock
- ✓ double shielding
- ✓ Robust plastic sheathing
- ✓ Symmetrical cable layout
- ✓ Reliable contact
- ✓ Direction in which the signal travels
- ✓ Made in Germany
