

QUALITY ★★★★★

XXL®

XXL® Sub Xtreme

High-end subwoofer RCA phono cable

A top class, high-end subwoofer cable! The 5-star cable is specifically designed for transmitting low frequencies thanks to the particularly large cross-section of the inner conductor and the coaxial configuration. The inner conductor, which is manufactured from high-purity long crystalline HPOCC copper, ensures a precise and powerful bass response. The silver-plated copper braid dual shielding also reliably eliminates all signal interference. Equipped with the innovative XXL Silicon Evolution RCA plugs this cable always ensures optimum bass performance.

Features

- ✓ HPOCC® - mono-crystalline oxygen-free copper inner conductor
- ✓ 24- carat gold-plated contacts
- ✓ double shielding
- ✓ High-quality fabric sheathing
- ✓ Solid full-metal plug
- ✓ Solid metal housing
- ✓ Made in Germany

Technical Data

Inner conductor material	HPOCC® - monocrystalline copper
Cable sheathing	fabric sheath
Shielding quantity	double shielding
Cable geometry	Round
Special length	Also available in individual customised lengths
Plug type	Straight

Designation	Art. No.	Unit	Colour
Sub Xtreme 220	13302	2.2 m	black
Sub Xtreme 440	13304	4.4 m	black
Sub Xtreme 660	13306	6.6 m	black
Sub Xtreme 880	13308	8.8 m	black

Made in Germany | HPOCC® inside | 24 ct
