HIGHLIGHTS

Drivers

- Tweeter with 28 mm silk compound dome, ferrofluid cooling for high capacity, powerful ferrite double magnet system and new Fluctus acoustic flange geometry
- Woofer-midrange with light long-fibre cone, flat long-fibre dustcap, long-throw surround and high-performance voice coil, optimised for low-distortion signal transmission
- Woofer-midrange with solid and coated steel basket and high-grade, sixfold screwed trim ring

Cabinet

- Solid construction using elaborated struttings
- Front and top side in colored high-gloss painting
- Removable cloth protection cover with hidden magnetic mounts
- Bass reflex construction with airflow-optimised and screwed reflex tubes
- Solid crossbeams at the base with height-adjustable massive aluminium cone spikes
- Exchangeable metal/rubber spike tips for an optimum adaptation to the floor type

Crossover

- Elaborated phase and amplitude optimized crossover with high-quality components
- High-quality connecting terminal with solid, gold-plated and capsulated screw connectors
- Bi-wiring/Bi-amping option
