

# Dynavoice Challenger C-5

A true centre speaker.

The C-5 is designed to be the perfect timbre matched centre speaker in the Challenger series. A powerful and detailed centre speaker is key for a high performing surround system. The C-5 has dual reflex ports to further help the low frequencies to give a full experience, and the sturdy design even allows you to use it in pair as a stereo setup or as surround speakers.

Quantity	Sold in pc

**The reliable choice** – The Challenger series has a long tradition and has since the beginning been praised for its unprecedented price/performance ratio - a big, detailed and powerful sound at affordable prices.

**Sturdy and well built** – A well-built cabinet is key to keep vibrations and unwanted noise to a minimum. The C-5 has screws on the back (VESA 100) if you wish to hang it on the wall and the logo on the grille can be moved if the speaker is placed horizontally or vertically.
